WEBCASE™

ONLINE FORENSIC TOOL

INTERNET EVIDENCE: Collection | Preservation | Presentation |

Designed by former law enforcement for all online investigations.

WebCase™ is the only product of its kind designed solely to assist you in the proper collection of evidence from the Internet.

WebCase™ provides *legally defensible evidence collection*. Chain of custody is maintained and you can save your case files directly to CD/DVD in a concise, consistent report.

- ▶ WebCase™ simplifies the online evidence collection process.
- ▶ WebCase™ offers complete undercover identity and suspect management control.
- ▶ WebCase™ aids the investigator in the preservation of online evidence using forensically sound methods.
- ▶ WebCase™ provides reports in a usable and understandable format.

The WebCase™ Advantage:

- ▶ Intuitively designed menu & navigation
- ▶ A robust set of investigative tools
- ▶ Short training time to proficiency
- ▶ Multiple user options with single license
- ▶ Online investigation capability
 - ▶ Easy web capture with the click of a button
 - ▶ Automatic IP capture and information resolution
 - ▶ Collect as evidence documents, screen shots & images
 - ▶ Collect Who Is and GEO Locate information
- ▶ Clear, organized reports with multiple output options
- ▶ Legally defensible evidence collection
